– we donated presents to all mothers who gave birth to a baby on this day. This was done by all Club in BiH. We wanted to underline the existence of Rotary (115 years), their and our commitment to the community, the understanding of world wide collaboration and the necessity of new and healthy life.

28.04.20. As every year, we dedicate one of our activities to a local project.

Firstly, we planned to support the old people's home but due to the COVID-19 situation we rededicated our funds and the given District Grant: We decided to support the purchase of medical equipment for the hospitals in Brčko. Together with the Red Cross and other partners we were able to donate 13.400 KM (round about 6.700 EUR). We are proud of this unique and unparalleled action of synergies which was initiated by our Club.

I am proud to announce, that I will hand over a debt-free Club with two active members. Inactive members were motivated to join more meetings and to declare their commitment again.

Last but not least, it was an honour to be the youngest member, the youngest treasurer, secretary and this year, the youngest president of the Rotary Club Brčko 1938 ever.
