

**Dear Rotary and Rotaract friends,
Are you ready to get inspired?**

It is an honor and a great pleasure to invite you to Rome for the “Rotary 4 Europe” event from February 22 to 24, 2019.

In Rome our Founding Fathers signed the first documents that started the path which eventually led to the European Union, but there is still a long way to go.

A few hundred meters from the hall where the Treaty of Rome was signed, join us for “Inspire@EU”, the most inspiring Forum on the Values that guided the birth of Europe. The EU and the Rotary family have a lot of values in common. What is European Union now and what is our future?

We will hear, speak and discuss with Governors, Rotarians, Rotaractors and European Leaders about issues that are involving each of us. Together we will take action and will discuss some European-wide projects.

We will sign a “Manifesto” of the European Rotarians and Rotaractors.

It will be a weekend to remember.

Let’s spend the Rotary Day together, following in the footsteps of those who wanted and supported our Common House 60 years ago.

Go to the event site <http://rotary4europe.eu/> for all information. The site offers packages to access the Saturday Forum, Friday welcome program, side events and the hotels.

See you in Rome for the Rotary Day!

The Host Organizing Committee
